Industrial Design

About D & i

I am a professional dedicated to the aviation and maritime art, industrial design, illustration and graphic design.

My experience of 39 years allows to offer to my clients a global and/or precise solution of its needs to communicate a product or to develop a new device with industrial projection. When applying my experience picked up in the aeronautical world (based on a high technical rigor and of detail),

I am enabled to give a project to him of quality from sketch initial to the final work. Knowledge in each of these areas guarantee my trajectory.

- * Mockups

Industrial design

- * Layout study
- * Ergonomic study
- * Mockups

Graphic design

- * Corporative image
- * Logotypes and brand
- * Corporative manuals
- * Product graph
- * Technicals manuals

...por haber 40 millones de pasajeros,
recorrido más de 600 000 km de rutas, equivalente a
20 vueltas alrededor del mundo; por haber estado en Malvinas;
fuiste formador de tripulaciones y Monico; volaste más de 500 000 hs con un
altísimo coeficiente de despacho operacional. Por todo esto que nos has brindado,
nunca te olvidaremos y quedarás en nuestro recuerdo para siempre.
Gracias por todo lo que nos has dado **Boeing 737-700NG**

Bienvenido Boeing 737-700NG
